give their views on
–D. The professors

## cience,
## the Arts?

de students to opt for
eady employed in the
biggest problem such
ection. Many were no
t that a recent survey
wo thousand pounds
ees trained in the arts
f looking at problems,

o wanted to go into a
from the truth. These
win the top positions
promoting STEM as
ed what kind of skills
g and written and oral
advise those who are
ct in which they have

ects is that our world
keeps up. The skills
the creative industries
I don't think it's an
ack when it comes to
urse based simply on
n to be competitive in

ity, a vital skill, since
es about people who
but when it comes to
hat they do are better
tra over their working
nsation if you're doing
e looking for ways to
to their advantage, as
egrees.

**Which professor**
